## Subject-Mathematics

Months	Chapters	Content	Activity/Project
<b>April</b>	Unit-1 Numbers up to 9999	Number Name Number greatest and smallest 3 digit and 4 digit number, abacus number in expanded form	<ul style="list-style-type: none"> <li>• Prepare a place value chart number show on abacus</li> <li>• Place value puzzlers Value Based Questions,</li> <li>• To identify a number as an even number or odd number by making pairs of beads/pebbles/counters.</li> <li>• To represent the following pair of nos. on straight lines, using stickers. Also find the greater no from representation.</li> </ul> i) 7 to 11 ii) 9 to 5
	Tables	Multiplication table from 2 to 15	To represent multiplication tables from 2-5 , using lines and dots by an activity method (Use stickers to represent dots
<b>May</b>	Unit-2 Addition	Arrange the numbers Addition of 4 digit and word problem base on addition	Project model of abacus
<b>June</b>	Unit-3 Subtraction	Arrange the numbers and subtract them. To solve word Problem.	Addition & subtraction  Puzzles worksheet.
<b>July</b>	Unit-4 Multiplication	Multiplication of 3 digit by 1 digit. Multiplication of 2 digit by 2 digit. Multiplies of 10 and 100	Make table chart of 2 to 20 Fun multiplication worksheet.
	Unit-5 Division	Divided by repeated subtraction. Long division facts	Make a division fact on chart paper
<b>August</b>	Unit-6 Day, Date & Time	Convert Day into hours and minute Write time in numbers and words	Make a model of clock of given time. To make a time scheduler from wake up time to bed on a working day and a holiday.
<b>September</b>	Revision		
<b>Term-I/Half Yearly Examination(Third week of September)</b>			
<b>October</b>	Unit-7 Money	Write amount in figure and in words. Convert rupees in paise.	Prepare a cash memo of a shop. To experience money transactions using fake notes and coins. <ul style="list-style-type: none"> <li>(i) Rs 50 note = five Rs. 5 notes/coins</li> <li>(ii) Rs. 20 note= two Rs. 10 notes</li> <li>(iii)Rs. 20 note=ten Rs. 2 notes/coins</li> <li>(iv)Rs. 20 note= twenty Rs 1 coins</li> </ul>
<b>October</b>	Unit-8 Length	Unit, converting KM to M, Meter to Kilometer & Meter to Cm. Word problems based on length	To measure the dimensions of door or window of room in your house using a 1m long thick thread. Group Activity: Body Mathematics divide the class in group of 5 students(say)

			<p>Using a measuring Tape, ask each group to measure the following:</p> <p>(i) Length of the right palm  (ii) Width of the right palm  (iii) Length of right ear  (iv) Width of the smile ask the , to note down the observations-</p> <p>(i) Which group has longest palm length?  (ii) Which group member has shortest palm length?</p>
<b>November</b>	Unit-9 Weight	Unit, Converting Kg to Gram and to solve word problem based on weight	<p>(iii) Which group member has widest smile?  (iv) Which group member has longest ear length?  (v) Which group member has shortest ear length?</p>
			To prepare weight table of household objects
<b>December</b>	Unit-10 Capacity	Unit, converting L to ml Solve word problem based on capacity	To draw picture of object which are measured in liters & millilitres
<b>January</b>	Unit-11 fraction	Figure show fraction arrange the fraction in ascending & descending order. Add and subtract for the fraction. Write of fraction in to words	Represent kind of fraction & prepare chart with example.
	Unit-12 Geometry	Plane & curve surface properties of solid. Number of faces, edges, vertices of solid, geometry shape. Basic geometry point, line segment, ray & line. Draw line by given measurement	To draw the following on a dot paper (i) A hut (ii) A joker (iii)A flower To count the edges and corners of the following objects: ruler, rectangular paper, and dice shoe box alphabet 'o'.
<b>February</b>	<b>Revision work of whole syllabus</b>		
<b>March</b>	<b>Term-II/Annual Examination(Full syllabus</b>		

# SYLLABUS (2019-20)

## CLASS – III

### EVS

MONTH	LESSON/ TOPIC	CONTENT	PROJECT/ACTIVITY	HOME WORK
APRIL	MY BODY	(1) Sense organ. (2) Taking care of our sense organs. (3) Activity perform by the sense organs.	(1) Draw and label sense organs. (2) Collect few sweet smelling flower like rose and vegetables like garlic and identify them by smelling. (3) Collect some eatables like banana, salted, taste, them and experience the taste of each.	Exercise and 5 Questions as assignment. Learn exercise for class test.
MAY	PLANTS AROUND US	(1) Parts of a plant. (2) Parts of a plants and their functions. (3) Classification of plants. (4) Define term- shrubs, Herbs, climbers, creepers.	(1) Draw plants and their different parts. (2) Paste picture of herbs, shrubs, climbers and creepers. (3) Visit to a garden and list name of plants based on their observation.	Exercise and 5 Questions as assignment. Learn exercise for class test.
JUNE	LEAF	(1) Structure of leaf. (2) Uses of a leaf. (3) Shedding of leaves. (4) Compost the leaves.	(1) Draw and colour different types of leaves. (2) Prepare a chart by pasting pictures of different types of leaves and write one use for each.	Exercise and 5 Questions as assignment. Learn exercise for class test.
JULY	IMPORTANCE OF PLANTS	(1) Uses of plants. (2) Ways to conserve plants.	(1) Make paper bag with old news paper and decorate it. (2) Make a chart of different things that we get from plants.	Exercise and 5 Questions as assignment. Learn exercise for class test.
AUGUST	ANIMALS	(1) Land Animals. (2) Animals living in plains. (3) Animals living in deserts. (4) Animals living in forest. (5) Animals living in cold region. (6) Water animals. (7) Animal's behaviour.	(1) Draw picture of water animals. (2) Paste the picture of animals having different habitats.	Exercise and 5 Questions as assignment. Learn exercise for class test.
SEPTEMBER	Revision work	<b>1<sup>st</sup> Summative Assessment</b>		

<b>OCTOBER</b>	FEEDING HABITS OF ANIMALS	(1) Types of animals. (2) Herbivorous Carnivorous and omnivorous animals. (3) Feeding habits of different animals like cud chewing animals, gnawing animals. (4) Care of animals.	(1) Paste or draw the picture of herbivorous, carnivorous and omnivorous animals.  (2) Activity – visit to zoo to see herbivorous, carnivorous and omnivorous animals.	Exercise and 5 Questions as assignment.  Learn exercise for class test.
<b>NOVEMBER</b>	BIRDS AND THEIR NESTS	(1) Nests of birds. (2) Migration in birds.	(1) Collect some pictures of nests of different Birds and paste them. (2) Collect information about different migratory birds visiting India at different places.	Exercise and 5 Questions assignment. Learn exercise for class test.
<b>DECEMBER</b>	FOOD	(1) Plants and Animals provide us food in various forms. (2) Food from plants seeds, pulses nuts, leaves, stem, root, fruits. (3) Food from animals. (4) Food habits. (5) Food needs.,	(6) Draw two roots and stem eaten by us.  (7) Make a balanced diet plate.	Exercise and 5 Questions assignment.  Learn exercise for class test.
<b>JANUARY</b>	COOKING AND EATING HABITS	(1) Methods of cooking food. (2) Boiling, steaming, baking, frying, direct heating. (3) Cooking utensils. (4) Food needs and food and age.	(1) Draw five cooking utensils or vessels. Name and colour them.	Exercise and 5 Questions as assignment.  Learn exercise for class test.
<b>FEBRUARY</b>	WATER	(1) Local sources of water. (2) Natural sources of water. (3) Rain, snow, the rivers, and seas of India.	(1) Draw local and Natural sources of water. (2) Draw a picture of rainy day.	Exercise and 5 Questions as assignment.  Learn exercise for class test.
<b>MARCH</b>	Revision work	<b>2<sup>nd</sup> Summative Assessment</b>
